

Accessories / Assembly kits for leak detectot type Vakumatik IIIF:

Artikelnr. Part.No.	Description	Material	
49001051	Isolated relay - retrofit kit		
49000190	PVC hose clear (suction line) 4x2 mm, 100m roll	PVC	
49000192	PVC hose RED (measuring line) 4x2 mm, 100m roll	PVC	
49000690	PVC hose clear (suction line) 6x2 mm, 100m roll	PVC	
49000195	PVC hose RED (measuring line) 6x2 mm, 100 roll	PVC	
49000193	PVC hose green (exhaust line) 4x2 mm, 100m roll	PVC	
49000196	PVC hose green (exhaust line) 6x2 mm, 100m roll	PVC	
29022425	Hose clamp for tube 8mm outside diameter		
29022426	Hose clamp for tube 10mm outside diameter		

Accessories / Assembly kits for leak detector type Vakumatik IIIIF:

Artikelnr. Part.No.	Description	Material	
42001131	Tank connector kit for leak detector type IIIIF, IVF , connected to: - above or underground double walled tanks Consist of: - 2 pcs. tank connectors, 1 inch , material brass - 1 pc. exhaust line connector 1/8 inch , material PA - for 4 mm inside hose diameter	Brass	
49005080	Liquid barrier for leak detector type IIIIF and IVF with - sight glass and mounting angle - connector for 4mm (inside hoseØ) - material brass / Makrolon	Brass	
42005150	Condensate vessel for leakdetector type IIIIF, IVF, V13 single, 1x 34 ccm , with mounting angle, connectors for 4 mm (inside hoseØ) , for assembly to the lowest point of the connecting tubes	Plastics	
42005151	Condensate vessel for leakdetector type IIIIF, IVF, V13 3 pcs, 3x 34ccm , with mounting angle, connectors for 4mm (inside hoseØ) , for assembly to the lowest point of the connecting tubes	Plastics	
42005154	Condensate vessel for leakdetector type IIIIF, IVF, V13, D9 single, 1x 80 ccm , with mounting angle, connectors for 4 mm (inside hoseØ) , for assembly to the lowest point of the connecting tubes	Plastics	
42005155	Condensate vessel for leakdetector type IIIIF, IVF, V13, D9 single 1x 180ccm , with mounting angle, connectors for 4mm (inside hoseØ) , for assembly to the lowest point of the connecting tubes	Plastics	
42005156	Condensate vessel for leakdetector type IIIIF, IVF, V13, D9, single, 1x 346ccm , with mounting angle, connectors for 4mm (inside hoseØ) , for assembly to the lowest point of the connecting tubes	Plastics
